

GRACE ISITUA

Frontend Developer | Web Designer | Digital Strategist Asaba,
Delta State, Nigeria

Email: graceantony202@gmail.com | Phone: +234-09015028666

Portfolio: <https://graceisitua.netlify.app/> | LinkedIn: <https://www.linkedin.com/in/isitua-grace/>

PROFESSIONAL SUMMARY

Experienced Frontend Engineer with over 6 years of hands-on experience building scalable, responsive, and user-focused web applications across startups, agencies, and digital platforms. Specialized in modern frontend technologies, AI-integrated interfaces, and performance-driven applications using React, Next.js, TypeScript, and modern UI frameworks.

Strong background collaborating with cross-functional teams including backend engineers, AI developers, product managers, and designers to deliver high-quality digital products. Passionate about creating intuitive interfaces for dashboards, analytics platforms, AI-powered systems, and modern SaaS products.

Proven ability to build clean, reusable, and scalable frontend architectures while maintaining accessibility standards, cross-browser compatibility, and excellent user experiences.

CORE SKILLS

Frontend Development

- React.js
- Next.js
- TypeScript
- JavaScript (ES6+)
- HTML5
- CSS3
- Tailwind CSS
- Redux Toolkit
- Zustand
- Framer Motion
- Responsive Web Design
- Progressive Web Apps (PWA)

AI & Modern Web Technologies

- AI Platform Interfaces
- AI Dashboard Development
- OpenAI API Integration
- REST APIs
- GraphQL
- Real-Time Data Interfaces
- Analytics Dashboard UI

- WebSocket Integration
- AI Workflow Interfaces

Tools & Workflow

- Git & GitHub
- Figma
- VS Code
- Firebase
- Supabase
- Vercel
- Netlify
- Docker (Basic)
- Postman
- CI/CD Workflows

Performance & Quality

- Cross-Browser Optimization
- Accessibility (WCAG)
- Frontend Architecture
- Performance Optimization
- Component Reusability
- Code Review
- Testing & Debugging
- SEO Optimization
-

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer / AI Frontend Developer

Freelance & Remote Contract Roles

2021 – Present

- Designed and developed scalable frontend architectures for SaaS platforms, AI-powered systems, agency products, and business applications.
- Built modern user interfaces for dashboards, analytics platforms, AI workflows, and data-driven web applications.
- Developed highly responsive frontend applications using React.js, Next.js, TypeScript, Tailwind CSS, and modern component-based architecture.
- Collaborated closely with backend engineers, designers, and product teams to deliver seamless end-to-end digital experiences.
- Integrated RESTful APIs, authentication systems, third-party services, payment gateways, and cloud-based solutions into frontend applications.
- Implemented reusable UI systems and component libraries to improve scalability and development efficiency.
- Optimized frontend performance using lazy loading, image optimization, code splitting, caching strategies, and rendering improvements.
- Built real-time interfaces and interactive dashboards for monitoring analytics, customer engagement, and business operations.
- Applied accessibility standards (WCAG), responsive design principles, and cross-browser compatibility best practices.

- Participated in project architecture decisions, frontend system planning, and product scalability improvements.
- Conducted debugging, testing, code reviews, and performance monitoring to ensure high-quality deployments.
- Worked remotely with international clients and distributed teams using agile development methodologies.
- Mentored junior developers and collaborated on frontend best practices and clean code standards.

Frontend Developer & Web Designer

BRAND SPARK

2022 – Present

- Led frontend development and UI/UX implementation for multiple business and startup projects.
- Designed conversion-focused landing pages, corporate websites, and digital business platforms.
- Developed reusable frontend sections and responsive layouts optimized for user engagement.
- Collaborated with marketing teams to improve user experience and digital campaign performance.
- Managed project delivery timelines and client communication for web design and development projects.
- Improved website SEO structure, responsiveness, and performance optimization.

Frontend Developer & Digital Product Designer

DIGITAL ABODE

2023 – Present

- Contributed to the development of AI-focused digital experiences and co-working platform interfaces.
- Built modern web interfaces for digital services, community platforms, and creative technology initiatives.
- Developed scalable UI systems and responsive frontend structures for modern web applications.
- Worked on integrating modern AI workflows and interactive digital experiences into web products.
- Assisted in developing visually engaging user experiences for startup and technology-focused products.

Technical Support & IT Assistant

Ruthenbud Travels and Tours

2022 – 2023

- Managed technical support operations and assisted with digital systems maintenance.
- Supported website management, content updates, and troubleshooting of technical issues.
- Assisted staff with software, hardware, and operational technology support.
- Helped improve digital communication systems and workflow efficiency.

Junior Web Designer & Frontend Developer

Freelance Projects & Agency Collaborations

2019 – 2021

- Developed responsive business websites and landing pages for small businesses and startups.
- Converted design mockups into functional frontend interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Assisted senior developers with frontend implementation and website maintenance.

- Built foundational skills in responsive design, browser compatibility, and frontend optimization.
- Collaborated with clients to understand project requirements and deliver visually appealing web solutions.
-

PROJECTS & CLIENT WORK

Hotel Arex

Website: <https://hotelarex.com/>

- Designed and developed a modern hotel booking and hospitality website.
- Built responsive user interfaces optimized for mobile and desktop devices.
- Improved user engagement through intuitive UI/UX design.

Shoppadi

Website: <https://shoppadi.com/>

- Developed scalable frontend pages for an eCommerce platform.
- Implemented responsive layouts and optimized shopping experience.
- Integrated frontend interactions for improved customer usability.

EllaBell Hotel and Suites

Website: <https://ellabellhotellandsuites.com/>

- Built a modern hospitality website focused on performance and visual appeal.
- Designed responsive booking and information interfaces.

Genis Graphics

Branding & Web Development Agency Project

- Developed agency web interfaces and branding-focused digital experiences.
- Created reusable frontend components and optimized responsive layouts.

Additional Work Available on Portfolio: <https://graceisitua.netlify.app/>

EDUCATION

Ogbonnaya Onu Polytechnic (Abia Polytechnic)

2019 – 2022

Industrial Training (IT)

Ruthenbud Travels and Tour

2022 – 2023

Maylab Frontend Engineer Verification

2026

CERTIFICATIONS

- Frontend Engineering Certification
-

ADDITIONAL INFORMATION

- Strong experience working remotely with distributed teams.
 - Comfortable collaborating across time zones and agile workflows.
 - Passionate about AI-driven product experiences and modern frontend systems.
 - Quick learner with the ability to adapt to emerging technologies and frameworks.
 - Available for long-term freelance and remote opportunities.
-

TECH STACK SUMMARY

Languages & Frameworks: [React.js](#), Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Redux Toolkit, Zustand, Framer Motion, Responsive Web Design, Progressive Web Apps (PWA)

Tools: Git & GitHub, Figma, VS Code, Firebase, Supabase, Docker (Basic), Postman, CI/CD Workflows

Platforms: Netlify, Vercel, WordPress, Webflow

Other Skills: SEO, Performance Optimization, API Integration AI Platform Interfaces, AI Dashboard Development, OpenAI API Integration, REST APIs, GraphQL, Real-Time Data Interfaces, Analytics Dashboard UI
